

WFH ESSENTIALS FOR REMOTE EMPLOYEES

Here are some branded essentials that can help your remote staff remain focused while fostering a tangible connection with the brand and company.

Arrange for individual kits of any combination of items to be directly drop shipped to the homes of your employees.

We can work with you on the delivery timing so you can coordinate a streamlined communication or campaign about the arrival to make that feeling of connection go even further.

1

SPEAKER + WIRELESS CHARGER

We are all using our phones now more than ever. This speaker allows for a bluetooth connection and it can be used as a wireless charging pad, simultaneously.

2

WIRELESS EARBUDS

Your employees may be sharing their new home office with a spouse or partner. Wireless earbuds are a great way to help eliminate noise distractions.

3

SOPHISTICATED HYDRATION

Who wouldn't want to keep up their water intake with a bottle this good-looking?

4

PHONE SCREEN CLEANER

Encourage at home device cleaning practices with these super compact phone cleaning kits.

5

PHONE HOLDER

With this fun piece of gear, you can attach your phone right onto a computer monitor making going hands-free during a video conference call or phone-in meeting even easier.

6

DESKTOP CRUMB VACUUM

Eating snacks during the day while WFH is a no brainer... make the clean up easy with one of these small but mighty desktop vacuums! Great for keeping keyboards clean as well.

7

CORD ROLLUP

Keeps all the charging cords in one place!

Let's create something together.
